One pair of hand-knitted socks, knitted to your specifications. You pick the color and size and Franziska Lang or her mother will knit the socks for you. We will offer up to three pairs, if there are three buyers.

#### **LA17 Handwoven Recycled Plastic Superheroes Purse**

Bidding begins at \$50

Donated by Beth Hedin

A small (8x9x2) purse made in a very green way. The woven material is recycled plastic. The plastic was from the Superheroes-themed auction a few years ago when we were raising money for our new church. You can be a Superhero once more! And a "green" Superhero at that because the plastic, the seatbelt, the jeans lining, and even the bottle cap are all recycled materials. Beth will make a second purse for a lucky winner!

#### **LA1 Custom Made American Girl Doll Clothes**

Bidding begins at \$30

Donated by Shelly & Vijay Chandhok

Shelly will sew two American Girl (or other 18-inch) doll outfits. You choose the style and fabric from my stash rather than purchase new. I made a lot of these clothes when my grand-daughters were growing up!

#### **LA2 One-Hour Therapeutic Massage**

Bidding begins at \$50

Donated by Marta Magaw

Marta Magaw has offered 3 one-hour sessions (separate bids) of therapeutic massage. Marta will give you a relaxing mini-vacation with a Swedish massage with optional hot stones. ### **LA49 Fix up your dump, er, house!**

Bidding begins at \$150

Donated by Mike Hennessy

Mike Hennessy, registered PA contractor, will come to your house to fix what ails it. Plumbing issues dampening your spirit? Electrical bugaboos adding an unwanted spark to your life? Carpentry woes splintering your relationships? No problem! Mike can fix it and will provide 6 hours of labor to get you closer to homeowner heaven. (You pay for materials, and jobs requiring more than 6 hours can be negotiated with a portion of excess fees going to the New Home Debt Service account.)

### **LA50 Furniture Repair**

Bidding begins at \$50

Donated by Mike Hennessy

Grandma's chair starting to creak? Is dinner sliding off the dining room table because that one table leg seems to have come off? No worries! Mike Hennessy will spend up to 4 hours repairing your furniture and rescue it from the Goodwill bin. He isn't equipped to fix upholstery, but pretty much anything made of wood can be restored to a useful state. So help save your potentially priceless antique (even if it's from Ikea) from a premature end by bidding on this item

### **LA54 Personal Driver for an Evening in a Tesla**

Bidding begins \$60

Donated by Matt Graham

Matt will be your personal driver in a semi-autonomous electric vehicle – think Prom, Date Night, Concert, Foliage Tour... Comfortable and zero emissions travel will be provided between all destinations. Chauffeured transport for 2 adults (can take 4 people if you don't mind getting cozy) up to 5 hours or 120 miles. Coordinate schedule in advance. Zero CO2 generated.

Matt will limit the car driving mode to the preference of the auction winner(s). For instance, he'll ask the winner:

"At an amusement park, do you prefer a Lazy River, a Roller Coaster, or do you like both?" Since the Tesla is electric, it has several driving modes ranging from very smooth 'Driving Miss Daisy' mapping mode to 'Roller Coaster' giggles mode.

### **PDE11 9/11: A Reflective Retrospective Moderated Discussion Series**

\$20 per person, 15 people maximum

Donated by Carrilee & John Hemington

This will be a multi-meeting facilitated discussion with video footage concerning the fallout from the 9/11 disaster. September 11, 2001 is, much like Pearl Harbor, a day which will live in infamy for most Americans. Pearl Harbor caused the United States to enter into an existing horrific world war which lasted four years. 9/11, on the other hand, allowed the U.S. to enter into what has been termed "an endless war" against a strategy "terrorism" which we have been steadily losing at a terrible cost in lives and resources to the nation and to the world. The discussions will focus on the failure of the U.S. government to engage in a real criminal investigation as to the causes, the failures of response, and the epic first in history collapse of steel framed high-rises due to fire. We will take a hard look at the science as it relates to the activities surrounding the 9/11 attacks. Included in the discussion will be an examination of the many eye-witness accounts which were ignored by government officials and by the 9/11 Commission. In addition, we will look at the events post-9/11 from the perspective of how 9/11 enabled our government to, in the name of security, clamp down on many of our precious Constitutional freedoms supposedly guaranteed by the Bill of Rights. We encourage both skeptics of a conspiracy and those skeptical of the official version of the events to participate. A lively discussion should ensue. Light refreshments will be served. Dates and times to be determined.
